2004 Ohio Senate Scorecard

Are my Ohio elected officials Pro-Choice?

NARAL Pro-Choice Ohio wants you to be informed about your representatives here in Ohio. This Senate scorecard will help you to determine if your Ohio Senator is Pro-Choice, Anti-Choice or somewhere in-between.

The scores on this card are based on three Choice votes that occurred in the Ohio Senate during the last legislative session. These three votes were:

S.B. 156 "Choose Life" License Plates Bill: Final vote to establish "Choose Life" license plates in Ohio which would generate funds for fake clinics known as "crisis pregnancy centers." This provision was included as an amendment on an unrelated highway naming bill.

H.B. 126 Contraceptive Equity Amendment: Vote to table the Contraceptive Coverage Amendment which would require health insurance plans to cover all FDA approved forms of contraception at the same rate as other prescriptions.

HB 126 Mifepristone Bill: Vote to require Ohio doctors to prescribe three times the necessary dosage of Mifepristone, aka RU-486. This will triple the cost of medical abortions in Ohio.

A score of 100% indicates that the senator voted Pro-Choice in all cases and a score of 0% indicates the senator voted anti-choice in all cases.
