LOBBY DAY DETAILS

Prevention First Lobby Day gives citizen activists the unique opportunity to:

- Learn about how hospitals across Ohio may not guarantee access to emergency contraception to survivors of sexual assault being treated in their emergency rooms
- Find out about the lack of access to reproductive health care and comprehensive sex education in our state and how it impacts real people
- Learn about pending pro-choice/pro-prevention legislation that will help resolve these issues
- Hear from leading voices on these issues
- Become a trained citizen lobbyist with skills to lobby their elected officials
- Personally meet with their legislators to discuss their position on these important issues

WHY COME TO LOBBY DAY?

Now more than ever our elected officials need to hear our voices and stories. It is easy for them to lose sight of how policies they create in Columbus affect real people across the state. On April 21st, we need you to lend your voice as we speak out in support of commonsense legislation that seeks to improve the health of women and families in Ohio. You will join hundreds of other proactive and pro-choice Ohioans on this exciting day to learn about the Ohio Prevention First Act and lobbying your legislator. We will provide you with all of the information, materials and inspiration you need!
